Course design
The new Bachelor of Business degree allows you to be flexible in your chosen field of studies to suit your own needs and career aspirations. The three distinct components within the degree give you many combinations of majors and specialisations.

Students commencing the Bachelor of Business must complete 24 units of equal weighting totalling 288 credit points, comprised of:

(a) eight Business School Core units
(b) one block of eight Major Core units
(c) choice of one block of:
  • six Second Major units and two option (elective) units or
  • eight option (elective) units or
  • two Minors (four units each) (university or Business School or extension) or
  • one Minor (four units)(university or Business School or extension) and four option (elective) units.

Enrolment and advanced standing
You may wish to apply for advanced standing (also known as credit or exemption) for former completed studies and other assessable learning outcomes. See more on Advanced Standing.

Caboolture campus students: The Business School Core units and the Management and Marketing majors are available at this campus. Students must choose first year Business School Core units at Caboolture campus but may choose units from majors from other Business disciplines at Gardens Point to complete the rest of their degree. When enrolling for the first time, students will be required to select either Management or Marketing as their major. After their first year, students will be able to change their major. Students may choose majors offered at Gardens Point or continue their studies at Caboolture. Students from other campuses may enrol in units at Caboolture. Students who wish to complete their degree in full-time mode should consult Studyfinder for specific course progression and enrolment advice.

Gardens Point campus students: The first year program and all Business study areas are available at Gardens Point. Students commencing this course at Gardens Point campus must enrol on-line by nominating your primary major and then enrol in units according to that major. You are required to only nominate your first major to satisfy enrolment procedures. The second area of study, i.e. Second Major/Extension/Minor may be nominated at a later date. Students who have been granted advanced standing (academic credit) should nominate their second area of study (i.e. Second Major/Extension/Minor) in order to determine their enrolment program.

Special requirements
• For your course structure and enrolment advice see Course Checklist and follow the instructions.
• A full-time student may only enrol in units contained in the normal course program for semesters 1 and 2 in the first year of study unless in exceptional circumstances and with the approval of the Course Coordinator.
A part-time student may only select units from those listed for years 1 and 2 in the first two years of study.

Students must take Business School Core units at first attempt, in the semester outlined in the structure of their chosen major.

A student must enrol in more than one unit in any semester, unless they have the approval of the Course Coordinator.

International students

International students must maintain a full-time study load to meet student visa requirements. International students are only permitted to enrol in units at Gardens Point campus. International students should consult the International Student Office on Level 2, B Block for advice.
