Course design
Students are required to complete 144 credit points of units. Students should contact The Brisbane Graduate School of Business for course progression advice.

Students seeking to exit early from the Master of Business course and graduate with a Graduate Diploma should lodge an application during the teaching period in which they expect to complete their studies. Completion of eight, 12 credit point units, where a minimum of six units are within the same discipline area, and as approved by the Subject Area Coordinator, is required for completion of the Graduate Diploma course.

Students who have completed an undergraduate degree in a Business related or other cognate degree directly related to the discipline area within the last five years, may be eligible for exemptions up to a maximum of 48 credit points. For further information on exemptions, please refer to the Master of Business overview.

Some applicants may require unit substitution where they have studied the equivalent of some introductory units in their undergraduate qualification. Choice of unit substitution is subject to approval by the Subject Area Coordinator.

Overview
The Master of Business (Professional Accounting) provides formal accounting qualifications for graduates from non-accounting disciplines. This postgraduate program will give you a professionally accredited accounting qualification in as little as 18 months. Accounting is central to every business activity, and combining an accounting qualification with an existing degree in another discipline opens up a broad spectrum of career opportunities in Australia and overseas.

If you are looking to change your career direction or enhance your career options, accountancy is a dynamic profession that will provide you with a sustainable, challenging and diverse range of career paths. Professional accountants are in increasing demand nationally and internationally by organisations throughout the commercial, public and not-for-profit sectors. Accountants can work in commerce and industry, in public or chartered accounting firms, in government organisations or as individual practitioners.

Discipline units focus on financial and management accounting requirements, specialised applications in company accounting, audit and assurance, tax and company regulation. Core concepts and knowledge, problem-solving skills and critical and analytical thinking are developed throughout the entire course.

Other majors
See also separate entries for the following majors in this course: Accounting, Applied Finance, Human Resource Management, Integrated Marketing Communication, Marketing, Philanthropy and Nonprofit Studies, Professional Accounting, Public Relations and Strategic Advertising.

Professional recognition
Graduates meet the academic component of requirements for associate membership of CPA Australia, the Association of Chartered Certified Accountants, the Institute of Chartered Accountants in Australia, the National Institute of Accountants, and enrolment in their respective professional programs.

Career outcomes
Accountancy is a great platform for a dynamic and exciting business career. Accountants work in a diversity of areas—in commerce, local, national and international firms, government organisations, law firms, banks, merchant banks, stockbrokers, charitable organisations, hospitals and churches, film, television and media or they run their own business. A career in accounting can lead to more strategic and leadership roles such as general manager, chief financial officer and chief executive officer.
Entry requirements (domestic and international students)
An undergraduate degree in an area other than Accounting with an overall minimum Grade Point Average (GPA) of 4.0 (on a 7 point scale).

English language requirements
In addition to the above academic entry requirements, standard English language requirements apply. See the details for ‘all degrees’ at: http://www.studentservices.qut.edu.au/apply/internat/english.jsp

Articulation
Students who have articulated from the Graduate Certificate in Business Accounting may receive exemptions for up to 48 credit points. Students may articulate to the Master of Business Professional Accounting Advanced program and receive up to 144 credit point of exemptions.
