Details:
This course is designed for graduates who do not have an undergraduate degree in accountancy and wish to obtain a professional accountancy qualification.

If you are looking to change your career direction or enhance your career options, accountancy is a dynamic profession that will provide you with a sustainable, challenging and diverse range of career paths. Professional accountants are in demand nationally and internationally by organisations throughout the commercial, public and not-for-profit sectors. Accountants can work in commerce and industry, in public or chartered accounting firms, in government organisations or as individual practitioners. Discipline units focus on financial and management accounting requirements, specialised applications in company accounting, audit and assurance, tax and company regulation. Core concepts and knowledge, problem-solving skills and critical and analytical thinking are developed throughout the entire course.

Career outcomes
Accountancy is a great platform for a dynamic and exciting business career. Accountants work in a diversity of areas—in commerce, local, national and international firms, government organisations, law firms, banks, merchant banks, stockbrokers, charitable organisations, hospitals and churches, film, television and media or they run their own business. A career in accounting can lead to more strategic and leadership roles such as general manager, chief financial officer and chief executive officer. As a QUT Accountancy graduate, you will have a huge range of interesting career options.

Professional recognition
Graduates meet the academic component of the requirements for enrolment in the professional program offered by CPA Australia, the Institute of Chartered Accountants in Australia and the Institute of Public Accountants. Graduates are also eligible for exemptions in the qualifying program for membership of the Association of Chartered Certified Accountants.
