Topics covered include the following: the role of the board of directors and board committees; internal control and risk management; audit committees, internal and external audit; duties of directors and management; codes of conduct and ethics; compensation issues; conflict of interest and insider trading.

Prerequisites: AYN417 and AYN418    Other requisites: In addition to the prerequisite subjects, subject area coordinator approval is required.    Credit points: 12    Contact hours: 3 per week    Campus: Gardens Point
Teaching period: 2013 SEM-1

AYN520 INTEGRATED ISSUES IN PROFESSIONAL PRACTICE
The Accountancy profession has repeatedly stressed the need for accounting university graduates to be 'work ready' and able to deal with and solve unstructured, multi-disciplined problems. This unit is a deliberate attempt to address this concern for students who enter the accounting profession through the Master of Business (Professional Accounting) - Advanced course and enables students in the Master of Business (Accounting) courses to further develop their team work, research and problem-solving skills using problem-based learning (PBL). The unit simulates issues faced by a professional advisor/consultant by presenting students with simulated real world problems. The 'real world' focus of the unit ties strategically into QUT's charter and provides our students with a potential advantage in seeking employment.

Prerequisites: AYN417 and AYN418    Antirequisites: AYB339    Credit points: 12    Campus: Gardens Point
