Course Structure
The course comprises four stages: preparation, confirmation of candidature, implementation and submission of a thesis of up to 40,000 words.

Exemption may be granted for the methodology units if you can demonstrate that you have already completed equivalent studies or have relevant research experience.

During this stage, you will determine the research methods to be used in your thesis and begin work on your literature review.

(ii) Confirmation of candidature stage: you present and justify your research proposal at a seminar attended by academic staff and your peers. Your confirmation document includes your research design and your draft literature review.

(iii) Implementation stage: you execute your research properly, collecting your data and analysing the results.

(iv) Submission stage: in the final stage of your Master of Education (Research) journey, you finish writing your thesis and present it to a review panel for approval at a final oral seminar open to the public. Once approved, your thesis is ready to be submitted for examination.
