Course Structure
You are required to complete eight, 12 credit point units of study.

The course provides flexibility for students to complete their studies across a range of areas.

Two core units must be completed, EDP415 Engaging Diverse Learners and EDP416 The Professional Practice of Educators, along with an additional two units from any of the courses offered by the Faculty of Education, excluding Masters level units.

The remaining four units may be taken from a wide range of Faculty of Education units in other Faculty of Education courses including Bachelor of Education (Secondary)ED90, Bachelor of Education (Primary)ED91, Bachelor of Education (Early Childhood)ED92, Bachelor of Education (Preservice Early Childhood)ED93, and the Graduate Diploma in Education ED38 (but excluding the Primary pathway in the Graduate Diploma), OR from faculties other than the Faculty of Education.

Please note that units from the Master of Education cannot be studied in this course.

Students must follow the individual course rules concerning prerequisite study when selecting units from other courses and should note that practicum or field studies units may not be undertaken in the B Ed (Inservice) course.

Students undertaking the course to meet specific Queensland College of Teachers Registration requirements may not be able to undertake non-education units.

Many students use their studies in the Bachelor of Education (Inservice) as an opportunity to gain expertise in specific areas. Students returning to the classroom after a break will often update their knowledge by undertaking preservice curriculum studies units in the early childhood, primary or specific secondary subject areas. Alternatively, students may choose a suite of units related to a specific area of interest such as culture and language studies, or mathematics, science and technology education studies.

DETA Early Childhood Cohort
You are required to complete eight, 12 credit point units of study. Two core units must be completed, EDB200 Insights into Early Childhood Development and EDP416 The Professional Practice of Educators, together with an additional six units from the Early Childhood Studies listed on the DETA Early Childhood Cohort course structure. This course will be completed in part time and external mode only.

Course Progression
It is a student’s responsibility to ensure they have met any specified pre-requisite and/or co-requisite requirements when they select their enrolment program.
Underloads
It is not expected that a student should underload – i.e. undertake fewer credit points than the standard semester load. If, however, your circumstances require you to undertake fewer units than the standard load, it may lead to difficulties in undertaking units in a timely manner later in the course.

Overloads
It is not expected that a student should overload – i.e. undertake more credit points than the standard semester load. If, however, your circumstances require you to overload you should be aware of the possible academic consequences of an increased study load.

Notes for selection of units
Internet (I-NET) The unit will be conducted through the QUT Blackboard site. Students will require access to suitable computer facilities.
Internal (INT) The unit is offered internally and students attend lectures during the semester.
Block (BLK) A block of lectures held in the January or June/July school holidays, normally 9.00-4.00pm. Assessment is finalised after completion of the block lectures.

Limits on grades of 3
A new policy concerning grades of 3 came into effect from 1 January 2009 (QUT MOPP C/5.2). With effect from this date grades of 3 are no longer considered a conceded or low pass but are classified as a fail grade. Any grades of 3 awarded prior to 1 January 2009 retain the conceded pass status and will be counted for graduation purposes up to the maximum number of grades of 3 permitted for your course. Grades of 3 incurred in units that commence after 1 January 2009 will not count towards your degree. Further information is available on the Student Services website.

CLB446 GRAMMAR IN THE CLASSROOM: THEORIES AND PEDAGOGIES
Over the past twenty years, linguistic studies have increasingly informed the development of language curriculum, the assessment of language, and the processes of language and literacy learning in schools. Over the same time the need for teachers to have systematic knowledge of language and how it works has been recognised. In much of Australia this systematic approach to describing language comes principally from the systemic functional school of linguistics. This unit provides an organised, contextualised introduction to that linguistic model through workshop sessions involving the writing and reading of a range of genre. In this unit, students will learn to critically evaluate texts, their purposes and the language resources employed by writers.
