Frequently asked questions
What should my portfolio include?
Your portfolio should include a maximum of 20 single-sided A4 pages of colour images that demonstrate your potential as a fashion designer. This could include but is not limited to:
- Good examples of your sketchbook work (to demonstrate your ability to research a topic and develop ideas based on that topic).
- Fashion design drawings (showing your ability to create fashion designs, based on research and a concept). We are looking for evidence of fabric awareness, colour, and 3D thinking.
- Selected photographs that show good examples of any garments you have made.

There is no one particular type of folio we are looking for, as long as you keep to the requirements of 20 single-sided A4 pages of your work. We are looking for something individual; a folio that expresses you, your talents and potential within the fashion industry. We would like to know what you think about fashion and what you like about fashion - or even what you don’t like about fashion. Think of the folio as a way of introducing yourself to us - and showing us your creativity and thought processes. Show us what inspires you and excites you.

Will my portfolio by returned?
You will need to provide with your registration form, a stamped, self-addressed envelope (appropriate to the size of the portfolio submitted) for your portfolio to be returned. Portfolio materials will only be returned to applicants that provide the envelope.

Interview locations and dates
Following the submission applicants will be shortlisted. QUT will be conducting interviews in November 2012 at the QUT Kelvin Grove campus. Should you be shortlisted you will be notified via email. Only submissions that include all the above stated requirements will be processed.

AMB202 INTEGRATED MARKETING COMMUNICATION
In past decades many organisations separated the different forms of marketing communication that convey their corporate and marketing messages. They developed separate plans for their advertising, public relations, direct marketing, personal selling and sales promotion with separate goals, objectives, strategies and budgets. Today many companies recognise the concept of integrated marketing communication which integrates these different functions along with other aspects of the marketing mix that communicate with stakeholders and customers. Integrated marketing communication requires a ‘total’ approach to planning marketing communication programs and coordinating communication strategies in support of overall brand and product/service marketing objectives.
