AMB202 INTEGRATED MARKETING COMMUNICATION  
In past decades many organisations separated the different forms of marketing communication that convey their corporate and marketing messages. They developed separate plans for their advertising, public relations, direct marketing, personal selling and sales promotion with separate goals, objectives, strategies and budgets. Today many companies recognise the concept of integrated marketing communication which integrates these different functions along with other aspects of the marketing mix that communicate with stakeholders and customers. Integrated marketing communication requires a 'total' approach to
planning marketing communication programs and coordinating communication strategies in support of overall brand and product/service marketing objectives.

Advertising Management is designed to shift student thinking from a tactical to a strategic level. Advertising Management is an issues-based unit, which uses case analysis to foster critical thinking and problem solving. It encourages students to understand and take ownership of the advertising management process and, in doing so, build a better advertising industry.

**Prerequisites:** (AMB318 or AMB221) and (AMB319 or AMB222)  
**Equivalents:** AMX320  
**Credit points:** 12

**AMB330 ADVERTISING PLANNING PORTFOLIO**

This advanced unit leverages and extends the theoretical perspectives and applied skills introduced to students in copywriting, media and advertising management. It explores the digital environment, interrogates digital platforms and integrates critical research, planning and an understanding of analytics into digital campaign development. This digital understanding is then applied in two ways. Firstly, students draw from critical thinking and problem solving skills to critique digital campaigns and agency best practice in a weekly blog. Secondly students apply their understanding to develop a digital portfolio in their chosen vocational area.

**Prerequisites:** AMB318 or AMB221, and AMB319 or AMB222

Drawing on their knowledge of marketing principles, students will examine the diverse applications of technology in product and service design; product distribution/service delivery and logistics; promotional strategies and other marketing components. The unit also explores the role of emerging electronic models and the use of e-marketing strategies to achieve global competitive advantage.

**Prerequisites:** AMB240 or CTB240, and AMB201 or CTB201  
**Equivalents:** AMB241, AMX335  
**Credit points:** 12  
**Campus:** Gardens Point and Caboolture

**Prerequisites:** AMB240, CTB240, AMB210, or IBB210  
**Equivalents:** AMX336, IBB213

Learners develop advertising solutions that incorporate all aspects of an advertising campaign, including objectives, budgeting,
message development, message delivery, and measurement. The key emphasis is on the use of research to develop sound advertising strategy, which is then executed as creative and media ideas and evaluated through ongoing benchmarks.

**Prerequisites:** AMB320 and AMB330  
**Equivalents:** AMB321, AMX339  
**Credit points:** 12  
**Campus:** Gardens Point  
**Teaching period:** 2013 SEM-1 and 2013 SEM-2
