Why choose this course?  
The Graduate Certificate in Intelligence will provide a tertiary qualification for students who currently work in, and those seeking employment in the intelligence community. Through a range of teaching strategies, the program develops relevant competencies, skills and knowledge. The program is designed for students who have completed an undergraduate qualification, but students with extensive appropriate professional experience may apply. Completion of this course facilitates articulation into the Master of Justice (Intelligence) and units completed in the Graduate Certificate are credited as Advanced Standing to the Masters program.  

Career outcomes  
Graduates of this program gain the skills and knowledge to be better prepared or gain enhanced knowledge in their current roles, for example Intelligence Analysts, Security and Investigators, Australian Defence Force, Correctional Services & Federal and State Police Services.  

Course structure  
The Graduate Certificate in Intelligence has been recognised as the only Intelligence course of its kind offered by an Australian university. The Australian Army and QUT have entered into a Memorandum of Understanding (MOU) to offer Advanced Standing to students who have completed intelligence courses offered through the Army.  

International Students  
International Students who are considering applying for this course should be aware this program is not available in a full-time study mode. Units are available for external/on-line mode and may be undertaken off-shore in the students home country.  

Convenience  
This course offers the flexibility of external/on-line learning with study materials available through Blackboard. This aspect of the course delivery is important to those students who may be deployed at short notice and wishing to continue their studies at any location without having to withdraw or defer studies. However, students should be aware that there is a requirement that 1 unit is only offered in the Intensive, On-campus mode of delivery for 1 full week of the semester (ie Monday to Friday 9am to 5pm). The unit JSN106 Analytical Methods of Intelligence is a practical software component of the course and is not available as distance or external.  

Industry links  
Australian Defence Forces, ASIS, Australian Protective Services, Australian Crime Commission, ASIS, Australian Institute of Criminology.  

Course Coordinator  
Dr Bell is the Course Coordinator for the masters and postgraduate programs currently offered at the School of Justice. UNIT SYNOPSES
JSN101 JUSTICE AND HUMAN RIGHTS  
Arguments concerning perceived problems of justice and injustice usually reveal conflicting ideas about what justice actually means both theoretically, and in practice. Justice and human rights go hand in hand both theoretically and in the practice of law enforcement and other criminal justice professions. You will require a sophisticated level of understanding of theories of justice and human rights in a social and criminal context if you are to effectively apply in practice the content knowledge you have acquired in the course of your post graduate study.
