Overview

QUT offers four-year dual awards that qualify graduates for registration as secondary teachers in Queensland and for employment in education and related creative industries fields.

This dual award is structured to enable you to spend your first three years immersed in your creative discipline. As with the creative industries as a whole, contemporary drama and performance are evolving to incorporate technology, cross-disciplinary practice, experimentation and commercialisation. Performance making is not limited to the theatre: performers express their ideas by creating their own works for festivals, site-specific and public events.

In this course you will explore your creativity by developing a broad range of skills, incorporating live and mediated performance, physical theatre, applied performance, and processes which are innovative and experimental. These skills are contextualised by studies in theatre history and theory. Once completed, you will proceed seamlessly into 12 months of specialised teacher training.

You will sample life as an educator prior to commencing your graduate diploma with foundation units in education studies which include practical school-based experiences during your creative industries degree.

You will also have the opportunity to choose minor studies in one other discipline during your first three years which will give you the advantage of undertaking study in a second teaching area, thereby increasing your teaching options.

Working With Children Check

Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card, immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Career Opportunities

This four-year dual degree qualifies graduates for registration as secondary teachers in Queensland and for employment in education and related Creative Industries fields.

Graduates work as directors, performers, producers, playwrights, arts administrators, community artists and youth arts workers.

Some use their applied theatre skills in corporate training settings. Many are self employed and undertake project work in a variety of these areas.

Course Design

This dual degree is structured to enable you to spend your first three years immersed in Drama and then, once completed, proceed seamlessly into 12 months of specialised teacher training in your fourth year.

You will sample life as an educator prior to commencing the
fourth year with foundation units in education studies which will include practical school-based field experience.

You will also have the opportunity to choose minor studies in one other discipline during your first three years which will give you the advantage of being able to undertake study in a second teaching area and increase your teaching options. There are a large number of available second teaching areas which include drama, English, languages, mathematics, music, visual arts, business, social sciences and science education.

**Why choose this course?**

The Creative Industries Faculty and the Faculty of Education have an enviable reputation, developed over almost 50 years, as the leading provider in Queensland of outstanding teacher practitioners in the visual and performing arts.

The Drama course incorporates cutting-edge approaches to devising, directing and designing live performance. You will be encouraged to explore new performance forms that incorporate technology, new media, film and installation.

There is an emphasis on the entrepreneurial artist. You will develop skills in event production and project management, and learn how you can secure funding for your projects.

You will develop transferable skills such as leadership and collaboration, as well as presentation skills including vocal technique and command of a space—skills which prepare you for the workforce in many careers.

**Professional Recognition**

This course meets the requirements for registration as a teacher in Queensland. It is recognised nationally and internationally, however additional requirements may be needed for some locations.

**Deferment**

All domestic applicants offered admission to undergraduate award courses may apply to defer commencement of their study. A deferment application will not normally be considered for courses where specific admission requirements apply, for example submission of folios or undertaking auditions. Applicants are not entitled to hold a deferred place and hold a place in another QUT course for the same period.

**Course structure for students who commenced in 2010**

**Course Requirements**

In addition to the mandatory units in this course, you must complete 96 credit points of

Complementary Studies selected from:

* Drama Education Minor; PLUS a Second Teaching Area (recommended) or a Minor or 48 credit points of Unit Options
